Trish,

Yes, I realize there are two issues and for the Nov. 8th I'm fine with your response.

For Rich, I can try to tee up his mtg summary from an earlier period.

Thanks.

Mike

We may be talking about two separate but related meeting summaries. I'm referring to the Nov 8th in-house Listening Session, where ~35 residents from NE PA came into the office to voice their concerns about possibly unsafe drinking water in the Dimock area.

Rich, I think you're referring to your meeting with residents at Ex. 6 - Personal Privacy house. Same issues, different event.

Thanks Mike. I thought that's the meeting you were discussing. No real frustration, just want all to know that my meeting

summary was never final. I think the draft was used and is fine to be left alone.

Trish,
It looks good to me.

Saw Rich's comment on the summary of his mtg. last year. Understand his frustration. At the time, we were just starting work in Dimock and wanted to ensure consistent messaging. I could raise again if you're still looking to put out final. My understanding is that draft was released that is pretty much the same.

Thanks.

Shawn never approved the release of the final. I quit asking. The residents did too, from me. I have the final, if anyone cares.

Hi Mike,
The draft summary was submitted for review but I don't recall getting a final version back. I will go through my archived emails to see if I can track it down. A final, approved summary may not exist. Meanwhile, see the draft reply below. Yellow highlighted info has been added.

Thx

Thanks Trish,
I thought that we did do a summary of that listening session but I guess not.
I would also recommend running your reply by Mike D'Andrea.

Hi Rich,
Take a look at this draft response to a resident re: NE PA Nov 2011 Listening Session and let me know if you're ok with it.
Thx.

Hello

Ex. 6 - Personal Privacy

At the November 2011 Listening Session, the majority of concerns voiced were related to groundwater conditions and requests that EPA test the groundwater for contamination. The follow-up action that you asked about is that EPA Region 3 has since become involved, as requested. EPA began its involvement by reviewing existing groundwater results and then initiated its own sampling event in January 2012. The groundwater sampling is ongoing, however information, to date, is being posted on-line. The website url is: <http://www.epa.gov/aboutepa/states/pa.html><http://www.epa.gov/aboutepa/states/pa.html> or go to www.epaossc.org/dimock_residential_groundwater. We will continue to post information on-line as work progresses. Thank you for your interest in the Dimock Residential Groundwater Site.
Sincerely,

Rich, can we make reference to the NE PA Listening Session in the Site Background portion of the website narrative? Just an idea. Thx.

Ms Taylor,

I participated in a listening session for Pennsylvania residents of the

Susquehanna River Basin which you facilitated at the Philadelphia EPA office on October 8, 2011. Thank you again for the effort you put into it.

When the meeting was breaking up, you stated that a summary would be posted to the EPA website. I've neither found any mention of the meeting on your web site nor received any followup to the meeting.

If something has been posted, could you please send me the link? If an

email was sent to participants, could you please send me a copy? If neither of these has taken place, could you please provide me with a statement outlining what EPA learned at the meeting and what changes, if any, were made to policies or practices, or any other actions taken as a result?

Thank you.
